MBS SPA extracurricular team has proposed a DIY (Do It Yourself) competition for all the students of GGSIPU to forge some relaxation and persuade them to exhibit their creative skills. Through this competition participants will be required to submit a small life hack product/ idea that they can make with material available in their homes only. Students can spruce up their space with a few handmade home wares or get creative with the interiors, decorate a wall, create a painting for any corner, make an artifact for their cozy corner or a simple pen stand for the study table. There is no limit for the creativity and there are plenty of tasks that can bring some satisfaction to everyone’s isolation.

After approval of the brief and poster from the leadership team the competition is to be floated to all the students of GGSIPU, asking them to make a video of their DIY creation, and send the same for judgment. The short listed creations will be posted on the official social media handles of MBS SPA.
